

Hypoventilation. See *also* Obstructive sleep apnea/hypopnea syndrome (OSAHS)

- central hypoventilation syndrome, [2204](#)

- clinical features of, [2202](#), [2202t](#)

- diagnosis of, [2202–2203](#)

- hypoxia in, [273](#)

- in obesity, [2203–2204](#), [3086](#)

- pathophysiology of, [2202f](#)

- respiratory acidosis in, [366](#)

- treatment of, [2203](#)

Hypovolemia, [340](#)

- in acute blood loss, [432](#)

- in AKI, [2306](#)

- AVP levels and, [338](#), [339f](#)

- clinical features of, [340–341](#)

- diagnosis of, [341](#)

- etiology of, [340–341](#)

- in STEMI, [2062](#)

- treatment of, [341](#)

Hypovolemic shock

- clinical features of, [341](#), [432](#)

- hemodynamic characteristics of, [2236t](#)

- hemodynamic patterns in, [2254t](#)

- initial assessment of, [2218–2220](#), [2237](#)

- pathophysiology of, [2237](#)

- physical examination in, [2238](#)

- predictors of fluid responsiveness in, [2219–2220](#), [2220f](#)

Hypoxanthine phosphoribosyltransferase (HPRT), [3250](#)

Hypoxanthine phosphoribosyltransferase (HPRT) deficiency, [3251t](#), [3253](#)

Hypoxemia, [431](#), [2248](#), [2660](#)

Hypoxia, [272](#)

- adaptation to, [273](#)

- in angiogenesis, [523–524](#), [525f](#)

- effects of, [272](#)

- etiology of, [272–273](#)

Hypoxia-inducible factors (HIFs), [272](#), [431](#), [520](#), [523–524](#), [2317](#)

Hypoxic-ischemic encephalopathy, [184](#), [2271–2272](#), [2271f](#), [3324](#)

Hy's Law, [2586](#)

Hysterectomy, [696](#), [699](#), [700](#)

Hysterosalpingogram, [3051](#)
